# WHY FOCUS ON 9TH GRADE?

- Students who are **on-track** at the end of their 9th grade year—...**receive no more than one “F” in a core course**—are as much as **four times more likely to graduate from high school than their off-track peers.** (*Allensworth, 2013*)
- For every full-year course that a 9th grade student fails, their **chance of graduating in four years decreases by 30%.** (*Nield, 2009*)
- **70-80% of all students who failed 9th grade will not graduate from high school.** (*Wyner et al. (2007). Achievement Trap: How America is Failing Millions of High-Achieving Students from Lower-Income Families. Jack Kent Cooke Foundation.*)

# OVERVIEW

- Behavior, Attendance, and Grades
  - Q2 Goals
  - Q2 Celebrations
  - Q2 Interventions

## Tiered Intervention

Behavior  
Attendance  
Grades

- The goal of the interventions is to provide students what they need to move from higher tiers to lower tiers.
- We want students to be in school and meet the expectations set for them.
- **We can only meet these goals with your support**
